

Safe Handling and Use of Substances

Risks arising from the use of substances hazardous to health must be controlled under COSHH regulations 2002. Below the arrangements in place to manage these risks are detailed

HASAW Manager – Allan Grainger B.Sc Nebosh

Will be responsible for identifying all substances which need a COSHH assessment

**HASAW Manager – Allan Grainger B.Sc Nebosh, assisted by
QA/H&S controller – Holly Grainger B.Sc**

Will be responsible for undertaking COSHH assessments and co-ordinating the issue of relevant information

**Works Manager- Mick Hind
Site Manager – Allan Grainger
Site Supervisors – Craig Orme, Kev waller, Chris Hind**

Will be responsible for ensuring that all actions identified in the assessments are implemented

**Works Manager
Site Manager
Site Supervisors**

Will be responsible for ensuring that all relevant employees are informed about the COSHH assessments. The information will be issued at the same time as the Method Statement and all relevant employees will sign to confirm receipt of the information.

**HASAW Manager – Allan Grainger B.Sc Nebosh,
Technical Manager – John Todino, both assisted by
QA/H&S controller – Holly Grainger B.Sc**

Will check that new substances can be used safely before they are purchased

**Assessments will be reviewed prior to issue and product usage
Assessments will all be documented and stored for future use
Further assessments will be carried out if the product or work activity changes, whichever is soonest**
